New "No Noise" Power Supplies From Watson

POWER-MITE-NF 22 Amp cont switch mode power supply variable voltage

Mini size, 22 Amp cont, switch mode, variable voltage power supply, noise offset. This "mini" size switch mode power supply delivers 22 Amps of continuous power (25A peak) with a variable voltage of 4 - 16 V DC. The **new noise offset function (NF)** allows you to move any noise spikes out of the band via a front tuning control.

It can be set to 90 - 125 or 200 - 240 V input, using the terminal posts on the rear of the unit. Dimensions 165D x 55H x 147Wmm. Weight 1.6Kg.

Order Code: POWERMITE-NF

New AirNav RadarBox 2009 VERSION

AirNav RadarBox is the closest you can be to real world aviation without leaving your chair thanks to next generation Radar decoding. By decoding ADS-B (Automatic Dependent Surveillance Broadcast) radar signals, you will be able to see on your computer what real Air Traffic Controllers see on their screens in Real-Time. Flight number, aircraft type, altitude, heading, speed are all updated each second.

Wireless Weather Station

No cable connection needed!

- Touch LCD screen
- Atomic locked Date & Time
- Indoor/Outdoor Temperature (C or F)
- Wind Speed & Direction (mph or kmph)
- Rain gauge (inches or mm) self emptying
- Indoor / Outdoor Humidity
- Barometer Pressure with trends
- Forecaster & Weather Alarm
- USB connection to PC
- PC "EASYWEATHER" software programme
- Historic data storage & display
- LCD panel wall mounts or desk mounts
- Batteries last over 12 months

This is a wireless weather station that requires no connecting cable between the LCD monitor and the remote weather sensors. The range depends upon local obstructions but the normal 200 - 300ft range will satisfy most requirements. The time and date are locked to the German DCF longwave atomic standard signal (can be received in UK) so the time is always right.

What you get: The system comprises large 23 x 14.5 x 3.5 cm LCD control panel, wind speed sensor, wind direction sensor, rain gauge, outside temperature sensor & transmitter, stub mast, sensor mounting arms, sensor cable harness, USB lead and PC software. **Order code: W8681**
