

bhi DSP Noise Cancelling Products for Amateur Radio

NEDSP1061-KBD

Low-level audio module

Fit the bhi NEDSP1061-KBD DSP noise cancellation in your Transceiver - Features 4 filter levels with visual and audio indication - Single button operation - Supplied with mounting hardware - Size only 35mm x 26mm - Module will fit most transceivers/receivers. Fitting instructions available for the following radios:

Yaesu FT817, FRG-100, FT847, FT897, Icom 706 MKII G, Icom 736/738 Kenwood TS50, TS440 Alinco DX-77, Realistic DX-934
NEDSP1061-KBD.....£99.95

NEDSP1062-KBD

Amplified DSP module

Easy to fit bhi amplified DSP noise cancellation module - Retrofits inside any suitable extension speaker or radio - Features 4 or 8 filter levels - Power on/off with bypass - 2 Watts output - Power connector - Labels - Fused DC power lead - General fitting instructions plus fitting guides for the Kenwood SP31 & Yaesu SP8 extension speakers. Supplied with full fitting kit, labels and fused DC power lead.

NEDSP1062-KBD.....£104.95

1042 Switch Box

Connect up to 6 radios to one bhi noise elimination speaker. (Includes 2 ALD-001 3.5mm mono audio plug leads worth £5.98)

1042 Switch Box.....£24.95

NES10-2 MKII

Amplified DSP noise canceling speaker - 8 filter levels 9-35dB - mono earphone socket - 5watts input/2.5watts output - 12-24V DC 500mA - Filter on/off & Power on/off audio bypass switches. Supplied with full user guide & fused DC power lead. **Order code: NES10-2...£99.95**

NEIM1031

Now with **New** easier to use control knob

Amplified in-line DSP noise cancelling module - Use with an extension speaker - Fully adaptive DSP noise cancelling 9-35dB - 8 filter levels - mono earphone socket - Input level & volume control - On/off switch with bypass - Audio in/out (3.5mm mono jack), Line in/out (phono) - 5watts input & 2.5watts output - 12-24V DC 500mA. Supplied with a fused DC power lead and 3.5mm mono plug to plug lead.

NEIM1031.....£139.95

1031-108D Horizontal label..£2.95

1031-stand...£9.95

1030-UKPA 12V DC UK mains power adapter £9.95

Rotary1031 New replacement DSP filter control knob for NEIM1031.....**£2.95**

LSPKR

20W Extension Speaker for use with the bhi NEIM1031, ANEM or your own radio equipment. **Order code: LSPKR.....£19.95**

ANEM "Noise Away"

The bhi ANEM "Noise Away" (Amplified Noise Elimination Module) is a compact, microprocessor controlled in-line DSP noise canceling module - Fits in-line between the radio and the loudspeaker - Simple two button operation: power on/off audio bypass and DSP filter on/off - 4 or 8 filter levels - last selected filter level remains in memory. Supplied with a 1030-FPL fused DC power lead & an ALD-001 3.5mm plug lead 1.2 M long.

ANEM.....£124.95

Radio Mate

Compact Keypad for the Yaesu FT-817, FT-857 and FT-897

The Radio Mate Compact keypad for the Yaesu **FT817**, **FT857** and **FT897** enables the user to get the best out of their radio. It has been designed to make many of the common functions quick and easy to use. The keypad does this with a number of fast, effective shortcuts.

New AirNav RadarBox

AirNav RadarBox is the closest you can be to real world aviation without leaving your chair thanks to next generation Radar decoding. By decoding ADS-B (Automatic Dependent Surveillance Broadcast) radar signals, you will be able to see on your computer what real Air Traffic Controllers see on their screens in Real-Time. Flight number, aircraft type, altitude, heading, speed are all updated each second. Included is the award winning software interface developed by the world's leader in flight tracking and monitoring solutions, AirNav Systems - See aircraft all over the world, displayed on your computer screen just like a real radar screen - A rich, interactive interface allowing easy access to all functions - Detailed mapping covering the whole globe, all colours are user definable - Maps can be zoomed and panned - Detect aircraft on your RadarBox receiver as far away as 250 miles - View aircraft picture and details whilst watching aircraft on the map - Display specific aircraft by use of the smart filters, to show aircraft by type, callsign, level, etc - Extensive "Alert" notification based on Flight ID, SSR code, Mode S code, type, position, registration - No 3rd party add-ons required to make full use of RadarBox - Small robust metal cased USB receiver which is simple and easy to use - No special computer skills are needed.

New "No Noise" Power Supplies From Watson

POWER-MAX25-NF - 22 Amp cont switch mode variable voltage power supply 22 Amp continuous, 25 Amp peak, switch mode, variable voltage power supply, V/A meters, noise offset.

This very compact base station delivers 22 Amps of continuous power (25A peak) with a variable voltage of 4 - 16 V DC. The **new noise offset function (NF)** allows you to move any noise spikes out of the band via a front tuning control. Includes car cigar lighter socket. It can be set to 90 -125 or 200 - 240 V ac input, using the terminal posts on the rear of the unit. Dimensions 200D x 65 H x 172W mm.

Order code: POWERMAX25NF...£89.95

POWER-MITE-NF 22 Amp cont switch mode power supply variable voltage Mini size, 22 Amp cont, switch mode, variable voltage power supply, noise offset This "mini" size switch mode power supply delivers 22 Amps of continuous power (25A peak) with a variable voltage of 4 - 16 V DC. The **new noise offset function (NF)** allows you to move any noise spikes out of the band via a front tuning control.

It can be set to 90 -125 or 200 - 240 V input, using the terminal posts on the rear of the unit. Dimensions 165D x 55H x 147W mm
